

Spray Tan Systems

Professional Equipment & Liquids

Spray Tan Equipment

Fake Bake experts have been working with some of the UK's leading design and engineering consultants to create a range of versatile spray tan systems that promise professional performance, efficiency and health & safety levels way-beyond other systems in the beauty sector. Fake Bake has integrated unique HVLP spray tanning technology, extraction and filtration into sleek, simple to use units that are easy to master and maintain.

PATENT PENDING & REGISTERED DESIGN PENDING

Instant Spray Tan Liquids

Fake Bake spray tan liquids are available in three variants, each contains different concentrations of our unique triple tan formula - DHA boosted by DMI and Erythulose. The premium DHA interacts with the amino acids which lie in the top layers of the skin (the stratum corneum) to develop rapidly into a tan that compliments skin tones. DMI boosts the absorbability of DHA for more intense, darker and even coverage. Erythulose develops the tan more slowly for longer lasting results. This unique formula fades more evenly for a continued natural appearance. All Fake Bake spray tan systems enable you to switch between solutions to offer clients a bespoke, tailored tan to compliment their skin tone and lifestyle.

PARABEN FREE

PRO-V2 Spray Tan System

Ideal for Spas & Salons with a dedicated Spray Tan Suite

Featuring PRO-Spray Gun

- No compromise design, created specifically for spray tanning
- Simple operation, no adjustments or set-up required (point & spray technology)
- Fixed HVLP nozzle emits wide, even spray pattern
- Soft-touch rubberised, ergonomic grip stays cool while increasing comfort & control
- Quick-switch refill capsules enable you to swap liquids in seconds
- Consistent air & solution pressure from head-to-toe for even results
- No dismantling required for cleaning, simple rinse through
- Universal pivot between Spray Gun & Hose is easier to handle
- Trigger guard reduces risk of accidental spray
- Gravity feed reduces solution wastage

Quick release retractable hose pivots 360°

Quick switch solution capsules

Fixed HVLP nozzle

Trigger guard

Soft grip handle

Featuring PRO-Workstation

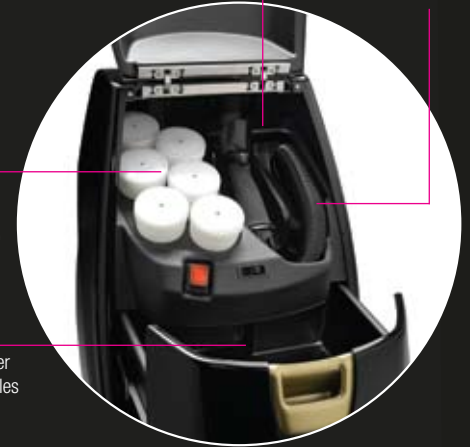

- Robust, durable design
- Spray gun docking station for ultimate convenience
- Holds up to 6 refill capsules (one included)
- Retractable hose is convenient & reduces clutter
- Revolutionary HVLP 'blow turbine' is quieter, more efficient & reliable
- Inlet filter improves durability
- Built-in storage drawer holds consumables
- Heat shield stops liquids warming up (so shelf-life is not compromised)
- Easy clean, corrosion proof surfaces
- Anti-vibration plates stop noise travelling

Pro-Spray Gun dock

Retractable hose

Holds up to 6 refill capsules (one included)

Storage drawer for consumables

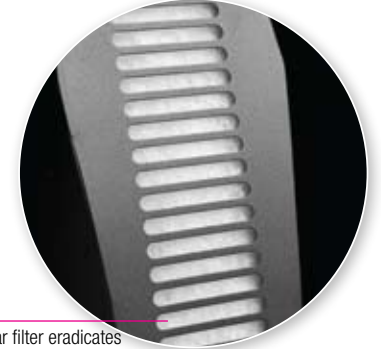

PRO-V2 Extraction Booth

- No additional ventilation or extraction required
- 4 fans are capable of extracting 1,000 cubic metres of air per hour
- Quietest extraction in the sector
- Unique 3-stage filtration configuration stops room contamination
- Front filter (stage 1 of 3) is washable to save you money
- Constructed from high quality, corrosive resistant materials
- Fits snugly into the corner of a room for a more efficient use of space
- Non-slip rubberized floor can be lifted & washed separately

Front filter is washable

Rear filter eradicates room contamination

Dimensions

| | Width (cm) | Depth (cm) | Height (cm) |
|-------------------------------|------------|------------|-------------|
| Extraction Booth | 110 | 80 | 195 |
| Workstation | 30 | 35 | 70 |
| 2 x Domestic sockets required | | | |

POD-V2 Spray Tan System

Ideal for Spas & Salons without a dedicated Spray Tan Suite
& Mobile/Home-Based Therapists

Featuring PRO-Spray Gun & PRO-Workstation

Fully mobile, easy to transport

Filter cover

Padded shoulder strap

Additional lift handle

Retractable luggage handle

Durable wheels

Featuring POD-V2 Extraction Case

- Unique filtration set-up (washable) stops room contamination
- Simple filter replacement – simply hold in front of extractor, filter is sucked into location
- New centrifugal extractor fan draws more air and creates less noise
- Down draught extraction angled & positioned for optimum draw, especially from client's face
- Front filter cover (not shown) stops mess whilst being transported
- Rear storage holds inflatable pod
- Padded shoulder strap makes carrying easy
- Easy clean, corrosion proof surfaces

Featuring POD-V2 Inflatable Pod

- Instant self-inflating pod captures any overspray for a totally clean room
- Puncture proof, guaranteed to inflate every time
- Machine-washable for convenience & hygiene
- Waterproof base & front step protect the floor
- Flexible walls can be manipulated to fit into more confined spaces
- Can only be used with POD-V2 Extraction
- Open air outlets to deflate pod in seconds

Replace filter
in seconds

Machine washable

Angled washable filter captures
falling spray tan particles

Dimensions

| | Width (cm) | Depth (cm) | Height (cm) |
|-----------------|------------------------------|------------|-------------|
| Workstation | 30 | 35 | 70 |
| Extraction Case | 26 | 70 | 35 |
| Booth | 140 | 140 | 195 |
| | 1 x Domestic socket required | | |

PEB-L Spray Tan System

Ideal for start-up Salons, Mobile/Home-Based Therapists & Students

PEB-L HVLP Turbine & Spray Gun

- No compromise design, created specifically for spray tanning
- Switch between 3 pre-set power levels to tan or dry
- Quick release hose reduces clutter
- Can be wall-mounted to reduce clutter
- Lightweight & compact – easy to carry
- Inlet filter improves durability
- Simple operation
- 2m hose gives plenty of flexibility
- Over-the-arm hose feed for easy control

* May vary slightly from image shown

Can be wall mounted

PEB-L Pop-Up Cubicle

- Erects & folds in seconds
- No poles to assemble
- Internally waterproof with easy clean surfaces
- Stores in lightweight bag, complete with shoulder straps
- Spacious enclosure is non-claustrophobic
- Clear ceiling lets in more light

Folds flat into convenient carry bag

Use with 'shark fin' filter to capture overspray

Rear storage hold consumables

Dimensions

| | Width (cm) | Depth (cm) | Height (cm) |
|-------------------------------|------------|------------|-------------|
| Turbine | 22 | 35 | 22 |
| Pop-Up Cubicle | 135 | 110 | 215 |
| Extraction Case | 26 | 70 | 35 |

Instant Self-Tan Liquids

Fake Bake Instant Self-Tanning Liquids are available in two variants – Original and Darker, containing different concentrations of our unique triple tan formula - DHA boosted by DMI and Erythulose. This enables you to prescribe the liquid most suited to your clients' skin tone and lifestyle. Both liquids contain a 'show where it goes' cosmetic guide colour to give an instant sun-kissed look whilst simultaneously assisting your application. Unlike other spray tan solutions, Fake Bake liquids have a pleasant smell.

Instant Self-Tanning Liquid

Suitable For: Skin Types – Oily, Normal, Dry

Skin Tones – Light, Medium, Dark

People who want a natural looking, holiday tan

Darker Formula Instant Self-Tanning Liquid

Suitable For: Skin Types – Oily, Normal, Dry

Skin Tones – Medium, Dark

People who want a natural looking, darker tan

Fake Bake Gold Spray Tan Liquid contains intense concentrations of our unique triple tan formula - DHA boosted by DMI and Erythulose. Concentrated blends of powerful anti-oxidants Green Tea and Pomegranate, and Vitamins A and E combat free radicals that can age skin. Contains a 'show where it goes' cosmetic guide colour to give an instant golden tan whilst simultaneously assisting your application. Light, fast drying and non-sticky formula works upon contact with skin without clogging pores. Tropical scent.

Gold Spray Tan Liquid

Suitable For: Skin Types – Oily, Normal, Dry

Skin Tones – Light, Medium, Dark

People who want the best artificial tan
